Events & Training Working Group

» Mission

- Deliver activities to build relationships across organizational boundaries
- Give training staff the opportunity to develop skills, expertise and grow within their role
- Promote good practices in education in clinical research and deliver training activities
- Support EUCROF events organization
- Provide a forum for discussion of key issues impacting clinical research and opportunities for learning
- Enhance professional competence as well as wider confidence and understanding of clinical research
- Become a hub for groups outside EUCROF to get involved

» Highlights

- EUCROF E&T WG will strengthen both events and training, in the light of the educational vocation of all the activities EUCROF offers to its associates and external stakeholders
- Training is thought as holistic and staff at every level has to be trained, supported and encouraged to gain the skills and the confidence they need
- The training activities will be disseminated through the most relevant networks and initiatives

» How?

E&T WG will deliver the following activities, keeping a constant link with EUCROF Communication WG, in order to have lively information to be spread:

- Annual training meeting for CRAs
- Webinars
- Development of a learning platform to deliver online webinars
- Roundtables and forum of discussion
- Identification of sponsors for EUCROF meetings
- Organisation of roadshows
- Preparation of position papers
- Participation in EU consultations

If you are interested in becoming a member of this working group, please contact:

EUCROF Secretariat

or

Chair of the Working Group
Donato Bonifazi - ceo@cvbf.net

We are looking for members who are interested in promoting and sharing expertise and developments, aimed at determining and setting overall strategic direction for CROs related to education and training matters, and liaising with other relevant organizations, to ensure that the work of the group is up to date.

We are looking forward to hearing from you!
